

Making A Complaint

We aim to provide the best care possible at all times.

If you feel our standards have slipped or you are unhappy with the treatment you have received, it would be helpful if you could raise the issue with the student/staff member concerned at the time - feedback is a vital tool in the learning process.

If this is not possible, then we would suggest calling or emailing our clinic reception team as soon as you are able, and if necessary contacting the Clinic Manager to discuss your concerns.
